Information Services

- Our super multifunctional library provides a mix of learning environments to meet different student needs, be it a quiet, individual study space or be it a separate room equipped with computer / internet facility, for team working, discussion, or practicing a presentation.
- Study spaces have a networked PC to provide flexibility to work on line alongside traditional print resources, it gives students also an option of using a laptop.
- Our library is well stocked with books and print journals but our extensive range of online resources extend the library beyond the campus, allowing students to work locally or at any location across the world.
- All students are given friendly help with an integrated enquiry desk on the use of electronic library. They can make use of these facilities in the library through drop in sessions at a time of their choosing.
- We recognize the importance of providing our students with the type of networked computing environment in our digital library.

RULES AND REGULATIONS

- Users must always carry ID cards while entering in to the library.
- Members are required to deposit personal belongings at the property counter. Library staffs are not responsible for missing or loss of personal belongings in the library.
- Borrowing materials without a valid Membership/ Identity card is prohibited. No one is permitted to use other member's card to borrow documents.
